Date: 26 Oct 2024 (Saturday)
Time: 7:00AM @ the Outdoor Stage area

Ready, set, birdwatch!

Don't forget your trusty bird guidebook, cameras, and binoculars – and stay hydrated folks! It's going to be a feather-filled day!

Spread your wings!

Record birds anywhere along our race route, but remember, it's strictly Rainforest Discovery Centre territory – no trespassing on private property!

Our feathered friends

No counting for birds behind bars, injured, or making a sneaky escape. And let's keep their homes stress-free too! No bird calls here! Leave the music at home; we're keeping it natural to lure our feathered friends. Say cheese, but not at the bird's nest! Flash photography's a no-no, but snap away at those rare bird sightings – they're our ticket to birding fame!

It's a bird bonanza!

Everyone on the team must clearly spot and identify our feathered friends.

The team with the longest list of bird sightings in our logbook takes home the trophy. Don't forget to jot down those quirky observations too!

Tick-tock, birdwatchers!

Late logbook submissions mean losing out on bird points – and nobody wants that! Get 'em in on time or risk a holiday from the race!

Submit your logbook to the Race Secretariat by or before 7.30AM on 27 October 2024

Speak up, birdwatchers!

Our Arbitrators might quiz you on your sightings, so don't be shy. And remember, no cheating – rules are rules!

Drumroll, please!

The species lists go head-to-head with our Arbitrator's checklist, and the winning team earns bragging rights as the ultimate birdwatchers!

Decision time - and it's final!

No ifs, ands, or buts.

By joining the Borneo Bird Race, you're in for the ride, with any rule updates coming your way!
